Lunch & Learn: Healthy Activities at Tennessee State Parks
12 to 1 p.m.
The State Museum, in partnership with Cumberland River Compact and Tennessee State Parks, hosts a free presentation with Park Ranger Hobart Aiken. Getting outside has been proven to improve your physical and mental health. From the earliest cries for the development of public parks, thinking about the health and wellbeing of the public was crucial. As a result, planners situated early parks in locations that made them accessible to the public. Bring your lunch to the Museum to learn more about all that our state parks have to offer.

16 & 17
Celebrating Tennessee Woman Suffrage
10 a.m. to 4 p.m.
Tennessee figured prominently in the quest for Woman Suffrage, which led to American women obtaining the right to vote. Join the Museum, Tennessee State Parks and Tennessee State Library & Archives for two full days of free activities in commemoration of the ratification of the 19th Amendment. The events will occur at Bicentennial Capitol Mall State Park and Tennessee State Museum. There will be living history presentations on prominent women in the Suffrage movement and fun activities about the ways Suffragists advocated for the vote. Finally, there will be a 5K commemorating the “Run to Ratification.”

16
Homeschool Day
10 a.m. to 4 p.m.

The event will also take place at Bicentennial Capitol Mall State Park and Tennessee State Museum. Homeschool families can experience living history presentations and art activities that focus on women’s history and their role in the movement for voting rights. No registration needed.
